Resident Parking Permits

Purpose - Parking permits for residents are required for certain residential City streets due to limited parking spaces. Residents are entitled to purchase one Resident Parking permit for each of their vehicles.

Eligibility - The owners or residents occupying living quarters adjacent to streets signed for permit parking may purchase parking permits. Residents must provide satisfactory proof of residency, such as a current lease or vehicle registration.

Purchase - Parking permits are sold starting August 1st annually at the Municipal Building's Finance Department, 401 Lafayette Street in Williamsburg. The cost for each permit is \$5.

Display - Resident Parking permits are displayed on the vehicle's left rear bumper.

Motorcycles may display decals on a front fork, rear shock, fender or oil/battery cover. Decals shall not be transferred from one vehicle to another.

All out-dated permits are to be removed from vehicles.

Guest Parking - Residents entitled to purchase a parking permit may purchase up to three Guest Parking permits. Permits are issued as hanging tags and are temporarily attached to the central rear-view mirror.

Tourist Parking - Persons legally renting rooms in single family dwellings who are transient guests or tourists may obtain a Tourist permit by the owner or operator of the business on the basis of one permit per room.

Enforcement - Parking permits entitle users to park near the street address for which they are purchased. Guest Parking permits display the street name & address on the hanging tags, and likewise, are valid only for use for parking near the home address. The Williamsburg Police Department strictly enforces permit parking regulations. Fines are \$25, and could increase to \$45 if not paid promptly.

Exemptions - Service or delivery vehicles while operating in regulated areas; and autos, motorcycles and pickup trucks may park in regulated areas for up to 4 hours per day on Saturdays and Sundays.
